[Online Application](#)

The application process is fully online and processed through the above portal.

You will be asked to submit a CV, documentation of academic degrees, as well as a letter of motivation. In it you should convey why you want to enroll in the MAS GTA, what questions and topics you intend to work on, and what you hope to achieve professionally and/or personally. Samples of work are helpful: if you have written, please add these published or unpublished texts to your application. Letters of recommendation may be submitted, but are not required.

REQUIREMENTS

Master's degree acknowledged by ETH or equivalent educational qualifications; knowledge of foreign languages, i.e. for foreign students, mastery of spoken and written German; students must be willing to attend courses regularly for a period of four semesters, as well as to individually prepare and actively participate in lectures and seminars.
